Jack: What are you watching, Lisa?
 Lisa: A video clip from Youtube. It shows how to take care of indoor plants. Bill asked me to take care of his plant.
 Jack: It's simple. Just water it every day!
 Lisa: Not really. Not every plant needs water every day. Some of them only need water once a month.
 Jack: Well, I have never heard of this.
 Lisa: Temperature and light are important. It's good for most of the indoor plants to be put by a window.
 Jack: What else do you know?
 Lisa: Room and food. If your pot is too small, your plant can't grow bigger. Put the plant food on the dirt and then water your plant. The plant will get the food through its roots.
 Jack: Wow! I suppose you've learned a lot about plants.
