四、閱讀測驗 10% (每題2分)

(31-33)

Chi Po-lin, a famous aerial photographer of Taiwan, started to work for the government in 1990. Because of his talent and interest in taking pictures, he took pictures of nature in Taiwan. To make the pictures more special, he even took the helicopter for the pictures.

In 2009, a serious typhoon made his life very different. At that time, Typhoon Morakot hit Taiwan. It hurt the mountains and rivers a lot. To teach people to save Taiwan, he decided to make a movie. It was a dream that would cost him a lot, so Chi Po-lin sold his apartment and borrowed money from his friends. After working day and night for more than three years, he successfully made his work *Beyond Beauty – Taiwan from Above* popular around Taiwan. For everyone in Taiwan, watching this movie can be a good way to understand and love Taiwan. However, in 2017, Chi Po-lin passed away in an accident for the movie *Beyond Beauty – Taiwan from Above II*. The bad news made everyone sad. Although he can't help us understand Taiwan anymore, we'll never forget what he taught us -- to care about and to take action to save the beautiful island we live on.
